

MUNICIPAL CORPORATION, ROHTAK

Revised Notification

In Pursuance to the notification made earlier bearing Endst. No. MCR/CSI/3350-60 Dated 16-06-2019 regarding registration and regulation of sewage sanction tankers to be emptied at Singhpura disposal & Sunariya MPS, as per the guidelines given below.

1. It has been brought to my notice that in most of the town sewerage lines have been provided and these carry the discharge to Sewage Treatment Plants (STPs) and it is further discharged into storm water drains after treatment, This helps in keeping the water resources safe.
2. However, in some colonies and mostly in un-authorized colonies people have septic tanks and these are cleared and disposed of through tankers. These tankers discharge the sewage etc. on the open spaces or in the storm water drains. This not only contaminates the water resources but also may cause out-break of epidemic disease.

Therefore, to rule out the possibility of such eventuality I, Pardeep Gadara, Commissioner, Municipal Corporation, Rohtak under section 292 of Haryana Municipal Corporation Act, 1994 and other relevant laws order to follow these instructions: -

- i) All tanker owners who want to do this job are directed to get themselves registered with MCR. They shall display the registration number on the tanker painted with MCR logo in **purple color**.
- ii) Designated officer shall issue the certificate as per the enclosed Performa after obtaining the papers of tractor registration etc. A model application file is attached herewith.
- iii) The principal originator of the sewage waste shall provide sewage to registered tanker only otherwise he shall be challaned also as per NGT order with a fine of Rs. 5000/- (Rs. Five Thousands Only) at the first detection with 20% hike on subsequent detections.
- iv) A list of STPs is attached with a transportation plan from various wards to these STPs. The sewage from a particular ward shall be taken to assigned STP as per list attached.
- v) Transportation rates from each ward to STP shall be fixed in consultation with the tanker owners with 5% charges towards MCR to make this model sustainable and self sufficient. This money along with the challan money shall be kept in a separate account and be utilized for payment towards manpower and other requirements for this system. If additional fund is required for this, that shall be provided by the MCR keeping in view the importance and sensitivity of the issue towards general public health
- vi) 5% charge shall be paid to MCR per trip by the tanker owner and record shall be maintained at STP with the help of designated staff deputed by MCR payment shall be made on monthly basis on the basis of total trips. Assistant Engineer looking after the STP shall monitor and reconcile the amount on monthly basis.

MUNICIPAL CORPORATION, ROHTAK

- vii) All these works shall be completed upto 30.06.2019 and no tanker shall be allowed to operate without registration thereafter. Tanker shall be confiscated found violating above instructions and owner/operator shall be fined with Rs. 5000/- (Rs. Five Thousands Only) at the first detection with 20% hike on subsequent detections. This vehicle shall be released only after getting it registered with MCR.
- viii) All STP incharge/service providers shall ensure provisions to take sewage through these tankers without making them to wait for long time
- ix) This arrangement shall be reviewed after 6 months and if, need be specific agencies may be hired for each zone to do this job.
- X) This order shall be enforced by sanitation wing under the direct supervision of concerned Joint Commissioners. The CSI shall be the Nodal Officer from Commissioner, Municipal Corporation, Rohtak. The concerned CSI/SSI/SI shall check each and every tanker in their respective areas and handover the copy of this order and shall note down the registration no. of tanker, name of owner and driver, their mobile no. and address and shall submit to CSI.
- xi) Joint Commissioner shall ensure wide publicity of the aforesaid orders by getting the same published in National newspapers. The orders shall also be uploaded on MCR website.
3. Any violation of this order by virtue of Section 292 (2) of Haryana Municipal Corporation Act, 1994 shall also be deemed to be an offence punishable under Section 188 of the Indian Penal Code 1860 which prescribes imprisonment for a term which may extend upto six months or with fine which may be Rs. 5000/- (Rs. Five Thousands Only) at the first detection with 20% hike on subsequent detections or with both.
4. Trade effluent shall not be allowed at any cost. Violation shall attract penal action and prosecution.
5. They shall be prosecuted under Water (Prevention and Control of Pollution) Act, 1974.
6. They shall further be prosecuted under the Environment (Protection), Act, 1986.
7. This order shall come into force with immediate effect.
